## CONDUCT AN e-WASTE RECYCLE FUND RAISER EVENT WITH OMNI TECHNICS

---

- Raise money for your school, library or nonprofit organization while providing a Free Community Service
  - Sponsor a One-Day e-Waste Recycle Event
  - Raise awareness of the importance of properly recycling e-Waste
  - No Upfront Costs ... We provide ... Promotional Assistance, Flyers, Supplies, Equipment, Trucking
- 

### A WIN – WIN COMMUNITY SERVICE

- Raise money for your organization
- No cost to your donors
- Help preserve our landfills
- Help improve our environment

As part of our “e-Waste Recycling Service”, a significant portion of derived recycling revenue is donated to your organization.

e-Waste is generated by almost every household, business and institution. Many types of electronic products used in homes and workplaces contain hazardous substances such as Lead, Mercury, Cadmium, Bromine ...

When e-Waste products reach the end of their useful lives or become obsolete, most are considered hazardous waste and must be recycled properly.

---

## THE ELECTRONIC WASTE RECYCLING ACT OF 2003

---

- It is illegal to dispose of e-Waste as regular trash
  - e-Waste products are no longer allowed in our landfills
  - Electronic discards are one of the fastest growing segments of our nation's waste stream
  - e-Waste must be sent to a facility that has a permit for recycling, storage, or disposal
- 

Omni Technics is certified to collect e-Waste for recycling by the California Department of Toxic Substances Control and the California Integrated Waste Management Board. e-Waste collected at our collection events is prepared for recycle processing per State and Federal guidelines.

Common e-Waste products include: Computer Monitors, Computers, Computer Circuit Boards, Computer Components & Parts, Computer Peripherals, Printers, Scanners, Consumer Electronic Products & Components, Televisions, Audio-Visual Equipment, CD / DVD / VCR Players, Stereos, Telephones, Cell Phones, Copy Machines, Fax Machines, Electronic Circuit Boards, etc. ... working or nonworking ... e-Waste products can be reused, refurbished, or recycled.

---
